BOOK SYNOPSIS

This combination of design how-to and reference book, used for all types of building occupancies, is an excellent source of information on design location. Electrical Raceways is jam-packed with specific design criteria, wiring methods, and materials for all types of installations as required by the 2005 National Electrical Code. Thoroughly updated to Code requirements and featuring Code changes since the last edition, this one-of-a-kind resource continues to provide a steady flow of basic information on the design of most locations for industrial, institutional, commercial, and residential occupancies. All raceway types and other wiring methods are covered in detail, including updated information on all the newest cable types.
