BOOK SYNOPSIS

Id Die for You is a collection of the last remaining unpublished short stories by F. Scott Fitzgerald, the iconic author of *The Great Gatsby* and *Tender Is the Night*. It comprises sixteen finished stories and one partial short fiction, which provides an intimate look at his creative process and shows the promise in a surviving draft. Some were submitted to major magazines and accepted for publication, but the vagaries of magazine life meant they ultimately did not appear in print. Others did not fit with the public perception of Fitzgerald's style in the 1930s. These dazzling uncut gems, the very last of his completed fictions as yet unpublished, demonstrate Fitzgerald's precision and imaginative power as a writer at the forefront of modern literature, and offer a fascinating insight into his artistry.
