BOOK SYNOPSIS

I was a dead man the minute I inked her. I've spent ten years as the ink man for the Black Dog MC. When a member needs ink, he comes to me — and I always obey. Because even when you're not a brother, disobeying the Black Dog is deadly. So they own me. And they also own her. Dani. Beautiful, sweetly sensual, temptation incarnate. The president's woman — completely off-limits. But when she comes to me to get inked, and begs me to get her out of the Black Dog before he kills her, my blood starts to burn for the first time in a decade. And when I realize my own reason for getting out — an inheritance from nowhere that will make me obscenely rich — I have to decide. Stay, and we'll both be sacrificed. Run, and we'll both have a price on our heads. Take Dani, like she begs me to, and I might not live to see the morning. Some things, I hear, are worth dying for. Tonight is the night I find out.
