

BOOK SYNOPSIS

In Washington, D.C., a homeless man takes an assassins bullet and dies in Commander Gray Pierces arms. A bloody coin clutched in the dead mans hand—an ancient relic that can be traced back to the Greek Oracle of Delphi—is the key to a conspiracy that dates back to the Cold War and threatens the very foundation of humanity. For what if it were possible to bioengineer the next great prophet—a new Buddha, Muhammad, or even Jesus? Would this Second Coming be a boon . . . or would it initiate a chain reaction that would result in the extinction of humankind? Vital seconds are ticking rapidly away as Pierce races across the globe in search of answers, one step ahead of ruthless killers determined to reclaim the priceless artifact. Suddenly the future of all things is balanced on the brink between heaven and hell—and salvation or destruction rests in the hands of remarkable children.
